

# Rescue Line

June 2019

## You Wouldn't Trust Just Anyone to Drive Your Vehicles

**So why trust just any  
company to insure  
your organization?**

*"Cut Rate" insurance may sound good,  
however are you really getting the insurance  
protection and service you need?*

*With VFIS you get over 30 years' experience,  
dependable, proven protection and service.*

*Let us put YOU back in the driver's seat.*

### Vanessa K. Free Driver Training Class

*Every Emergency Service Responder is required to take this class annually to meet the law.  
This includes all Fire, EMS, and Law Enforcement.*

*For more information, please contact:*

VFIS/J. Mark Bowery Insurance  
(800) 752-9620

VFIS/The Steve Frost Agency  
(800) 332-8347

**The World's Leading Provider of Insurance and  
Training Services for Emergency Service Organizations**

## **Executive Director's Comments**

So far this year has seen a lot of changes for the betterment of your Association. A new Basic Extrication Program, and a new way to update instructors online for the training side. A new website for the association and to register for training and meetings, ways to save money initiated, and approval by the state to conduct a raffle to name some of the big items.

Let's talk about the raffle for a moment. We were approved by the state of Tennessee Legislative Body to conduct a raffle for the Association. This was a lengthy but very easy process, but we have a way to make a substantial amount of income if every member will do their part to sell the tickets. I have talked to several people across the state about doing this and they have all told me this was a great idea. They all said \$20 for a ticket to possibly win a \$17,000 + Honda Pioneer Deluxe – 4 and trailer, a portable generator, sportsman coolers and other prizes should be easy to sell. If every member would sell just 2 tickets, we could raise over \$100,000 for the association. There is more information on this later in the newsletter.

Convention is coming and will be here before you know it. Brian is working hard to get the training that was asked for on Friday. We have some great EMS presenters lined up for the EMS Symposium and Extrication Classes for Wednesday and Thursday. The Shrimp Boil will be held again on Thursday night, Tim Moss is working to improve Fun-Nite on Friday night, Calhoun's will be catering the Awards Banquet on Saturday night with their famous, Ribs, Chicken, Catfish and fixin's. Make plans to attend and learn something new along with having a good time. Registration and class information will be coming out soon and you will also be able to register on our website.

Be safe, wear your protective gear, and train to be the best that you can be. There are lives depending on you. I hope everyone has a great and safe summer!

Stacy Rhodes, TARS Executive Director

# **Convention Registration Information Coming Soon**

**Items of Interest for this year:**

## **Thursday Night Shrimp Boil**

**Awards Banquet – Catered by Calhoun's**

## **BBQ Ribs and Chicken, Catfish and Fixin's Buffett**

**New and Improved Fun Night  
to include:**

**Games such as Newly Wed Game, Family Feud,  
Deal or No Deal and Texas Hold Em' Poker  
as well as the favorite Bingo**

## The Presidents Page – State President Dale Dodds

I hope this summer Rescue Line finds everyone doing well. Our Instructor Updates are just finishing up and have been a big success minus a hiccup or two which Brian will have worked out in no time. There are tons of College Classes on the calendar so be sure and check them out at [TNARS.org](http://TNARS.org) !!

We have the UTV give away at the convention and everyone can start selling tickets for it in June..... I think this will be a great fund raiser for us this year!!

Make sure we have EVERYONE'S email address and phone number so everyone will be getting the Ready-op messages about upcoming TARS events and information.

As always give me a call or message me if I can help with anything, we have had a few and I have gone to some meetings for you and plan on continuing to do so.

Help us keep up with the new legislation and changes in Nashville so we can make the biggest difference possible, Stacy makes several trips to Nashville and works diligently to keep us in positive light there.

Also, use Shannon as the best contact with the office, she really keeps track of everything TARS :)

Hope to see everyone in June's travels ...

Thanks,

S. Dale Dodds II

"I learned that courage was not the absence of fear, but the triumph over it. The brave man is not he who does not feel afraid, but he who conquers that fear."

— Nelson Mandela

## A Message from Our State Vice President, Dujuana Naylor

Hello everyone! First off I would like to say thank you for your continued support; serving this organization is one of my greatest pleasures. It was also a pleasure to be able to assist with our February Region travel training sessions. For those of you who could not attend, I just want to share some important things to remember with warmer weather approaching.

1. Start your rehab now; you should be drinking at least 64 ounces of fluid a day, preferably water.
2. Make sure that you have a plan to rehab everyone on your scene, not just your members.
3. Have a plan for mental and physical rehab after the call is concluded.
4. Be prepared for passive and active cooling if needed/required.
  - a. Passive= remove clothing, move to shaded area, fluids
  - b. Active= mist fan, cool towel (not cold)
5. Make sure that your members are drinking enough to satisfy their thirst but not too rapidly.
6. During high stress the body burns more calories, have some type of protein snack available. Example: beef jerky, peanut butter
7. Have water and some type of electrolyte replacement available.
  - a. Dr. Gilson, TARS medical director recommends Vytalyte due to its electrolyte components.

There is a full training calendar this year. I encourage each of you to get out and attend a class and take pride in the educational opportunities that your organization provides. Work hard, train harder! Remember we are all in this together and out to reach a common goal; making a difference and saving lives. Get ready for convention there will be a lot of new things going on and trainings available. Get your awards nominations and memorials sent in early, show your personnel the pride you have in them. I look forward to seeing everyone there. I also look forward to having the opportunity to continue serving you and this great organization as I work to move forward as your president. Your vote and continued support will be greatly appreciated.

May God bless, Dujuana P. Naylor, TARS Vice President

## A Message from Our Region I Vice President, Rusty Rotenberry

Greetings TARS Members,

I hope this letter finds you all well, the year got off to a busy start and looks to keep gaining speed. It's been good to see many of you at meetings and the visits I've been able to make. It is very encouraging to see more folks turning out for meetings and I encourage more folks to come and the Unit Directors to lead by example. These meetings are important, because this is where you the members can express your thoughts, ideas and suggestions that help to build, strengthen and conform YOUR association.

As spring turns to summer, we will find ourselves responding to a variety of calls. We will be responding to the normal auto accidents to lawn mower accidents, farm accidents, lost hikers as well as special standbys for community activities. It is extremely important that as we are out on these calls that we stay hydrated because we will be more prone to heat exhaustion or heat stroke. We will also start the water season and will be responding to various water rescues, so it is very important to remember to wear your PFDs when on or around the water. Safety must be our priority for the rescuer and the patient, always appoint and use a scene safety officer.

I will continue to come visit with area squads and look forward to meeting more members and will hopefully see you at the Regional Meetings. Take every opportunity to learn but also share your wisdom with others, this is how we grow and remain strong as volunteers.

Sincerely

Rusty Rotenberry

**"Courage is being scared to death, but saddling up anyway."**

**— John Wayne**

## A Message from Our Region II Vice President, Keith Sartin

I would like to thank everyone for their support during the Region II call out. There hasn't been a recovery at this time. I would like to thank everyone that has been involved with the new programs. There has been some good feedback about the programs. The training committee is open to suggestions. If you have a suggestion, please let us know this is the only way to make TARS better.

Region II June's meeting is in Morgan County. There will be an election for Region Secretary and Chaplain.

To be the best agency and stay the best. Here is the road to a successful agency.

1. Communications – Always keep an open communication between everyone. Listen to everyone's ideal.
2. Integrity- Always do what is right for the department.
3. Training – When you are training always be open minded. Share your training with others. Train the youth to be leaders. They are the future of your department.
4. Morale – Keep the morale at its highest point. Always be positive. Negativity is the start of the down fall of a department.
5. Consistency – always be consistent in your leadership, discipline and training. Consistency is what everyone is look for in a department.
6. Caring- Always take care of the membership. There is someone that needs that caring. There is someone that is hurting, but they are begin strong not to show that hurt.
7. Change- You have to be opened minded about change. We have to change with the time. Change is not always bad.

## A Message from Our Region III Vice President, Charlie Tollison

Greetings Rescuers

As we get into the warmer months and the call numbers goes up, please take time to educate yourself and your fellow Rescue Mates. The best and easiest way to return home safe, after a call, is to be well educated.

Hope to see all of Reg. 3 Squads and anyone that wants to visit from another Region, in Nashville, on June 15th for Region 3's meeting.

Reg. 3 VP Charlie Tollison.

# SAF-T ENTERPRISES

## Highway and Construction Safety Items

## A Message from Our State Historian, Tim Moss

Dear TARS Members,

It's hard to fathom, but as of this writing we are six months away from convention. First and foremost, I will be changing fun night up at convention. Instead of playing bingo, we will have two rooms setup. The first room will have a Texas Hold em' tournament going on. When you register for convention, you will have to register if you want to play to ensure that we have enough dealers and poker chips for all the players. The second room will have game shows going on. Your fun night ticket will have a spot for you to put your name on it and contestants will be picked at random to play. We will be playing Family Feud, Deal or No Deal, and the Newlywed Game. These changes have been brought about by many different members across the state, and I am looking forward to having a great fun night. During region travels in June, officers will be looking for prizes for the fun night. If you would like to donate an item from your squad, please let me know.

Finally, I've tried to increase our social media presence, if you don't already please follow us on Facebook and Instagram. If you decide to follow us, you can get a sneak peek at some of the pictures that will be included in our scrapbook. With that in mind, I have only received one entry for the state scrap book. Please send your pictures in to me to be included. If you enter in your squad for the scrap book competition and send me an entry, you get five points towards your score. I hope everyone has a blessed year and look forward to seeing everyone at training and convention.

Tim Moss

State Historian

There are no easy answers' but there are simple answers. We must have the courage to do what we know is morally right.

-Ronald Reagan

## **A Message from our State Treasurer, Ross Musgrave**

Wow, where has this year gone? As I write this article, I realized this morning, it's almost May. Where has this year gone? Our children and other family members are growing up. I'm beginning to see news of graduations, weddings, and other upcoming happy events.

Region travels and meetings will be here in just a month. Those of you in Region III, I hope to see you at our meeting being hosted by my home squad. I always look forward to those travels. I get to see people that I only get to see two or three times a year. I'm always tired when we return from Region IV but they are fun times.

The 2019 convention will be here before we know it. Pigeon Forge had better be preparing for the rescue invasion coming in October. I hope all of you can make time to attend at least part of the convention this year. A lot of hard work and preparation goes into our annual convention. Please make plans to join us this year.

Hopefully, this summer will not bring about any tragedies we as rescue squad members will respond to. Remember not only to take care of our clients, but be sure and take care of yourself as well.

I hope everyone has a great summer!

Ross Musgrave

State Treasurer

It is only through labor and painful effort, by  
grim energy and resolute courage, that we  
move on to better things.

-Theodore Roosevelt

## **A Message from Our State Parliamentarian, Jimmy Peoples**

With all the spring rains and storms, I'm sure that we have all been on the alert not knowing what would be next. Hopefully with this behind us I'd like to digress from the norm in a different direction to our TARS State Training Coordinator, Brian Robinson. I'm probably by far his worst "critic", but let's look in a very positive direction. Having known Brian since he came through our Scouting program, beginning in 1991, there has always been that desire to be the best at whatever he undertakes.

That brings me to this. Just a few months ago Brian announced that he was working on a new and revised extrication program for TARS that would bring us up to date in today's ever changing mobile world. He also said, that his goal was to shorten the time necessary for beginner extrication training so new members could begin to respond quicker and to assist all Squads/Units getting their new members on the trucks quicker to help alleviate the state wide man power shortage.

For the past few months Brian has literally spent many, many hours, virtually around the clock to accomplish this goal. The program is very professionally presented so that at any time any member can go back and review any aspect of extrication that they feel that needs review. The training manuals can be used in class then returned or they may be purchased for visual review.

I would like to challenge all instructors, current and those wishing to join this team of professionals to put this same effort into getting every member of your Squad/Unit or Fire Service up to current standards. Now it is up the instructors to maintain and grow what Brian has begun. This will mean wherever extrication may be needed from Memphis to Mountain City in the great state of Tennessee the same "knowledge and skill", will be the norm without exception.

The TN Commission of Firefighting Personnel Standards and Education has recently reviewed the new TARS Extrication Program and has approved the curriculum, thanks to our TARS State Training Coordinator, Brian Robinson.

## Stephen R. Carden Foundation Update

The foundation is proud to announce that we were able to provide scholarships to members of 5 squads this year. Congratulations to Hawkins County Rescue Squad, Union County Rescue Squad, Coffee County Rescue Squad, Cannon County Rescue Squad, Obion County Rescue Squad, and Sevier County Rescue Squad. These squads will receive training in classes on Instructor 1, Advanced Extrication, Swiftwater Rescue, and Farm / Machinery Rescue. We trust you will learn something new and exciting, and hope the training you receive will benefit your communities.

We appreciate the opportunity to make a difference in the squads while supporting TARS at the same time.

The goal of the foundation is to provide some assistance to personnel and services who could not otherwise participate in training. We are still in need of funds so that we can provide more training to our fellow squads. In 2019 we awarded scholarships to 10 individuals who filled out forms for the available scholarships. We continue to adhere to the spirit of the founders' original intent and use the interest from the funds to support training programs.

We would like to thank the following charter members: Benton County Rescue Squad, Roy Goddard, George and Earlene Young, Union County Rescue Squad, Pull-Apart of Knoxville, and Al and Nancy Davila. Charter member status will be granted for any donation of \$1000 or more. Donations can be made by individuals, groups or organizations and can be made as honorariums or gifts.

**Donations are still being accepted and are always welcome. Tax deductible donations can be made online with PayPal at [www.tnars.org](http://www.tnars.org) or by contacting the Tennessee Association of Rescue Squads State Office at 865-689-3256. Or by mailing it to:**

**Stephen R. Carden Foundation  
2906 Tazewell Pike, Ste. B, Knoxville, TN 37918**

## A Message from Our State Chaplain, Bobby Darnell

Can you believe almost half of the year is gone already? Now that I am retired it seems like time passes a lot faster than when I was working. We need to enjoy the time we have and make the best of it.

If you or someone you know is interested in being in local Rescue Squad Honor Guard, we are in the process of forming Honor Guard units in local squads. These will be taught at the Region meetings for your convenience. Times will be announced in Region newsletters.

Also getting time to make your nominations for Trainer of the Year, John Stiles, Costa McGhee, Hugh Skip Trotter and Lifetime awards. These are due by August 15 and can be mailed to State Chaplain, Bobby Darnell 90 O'Dell Circle Greeneville TN 37743.

Several of our squad members have passed away already this year. If you have had a squad member to pass away, please send a picture of the member and information for the Memorial Service to Stacy Rhodes. These are also due by September 1.

Everyone enjoy the rest of the Summer and remember to watch out for yourself and each other.

But it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love Him.

1 Corinthians 2:9

---

## Captain / Unit Directors Meetings:

## Message from Our State Secretary, Jennifer Freeman

Hello everyone!!

I hope that this issue of the rescue line finds everyone doing well. With the year half over everyone needs to start planning for the convention. We as officers are working diligently to put the convention together. I would suggest that if you haven't attended in a few years this would be a great year to come back. Please if you are planning on attending go ahead and register prior as this makes things easier for you and the state office.

As most of you know we try to have new items in the store for convention. I would like to have things you are interested in, so if you would like us to try and get something just contact any officer and we will look into getting those items. Also, if you have an idea for a shirt design please let us know. I would like to say thanks to everyone for the continued support in the store. I believe this has been the first time that we have every ran out of items and had to reorder prior to convention.

I want to thank everyone for all their continued support for me as an officer. Being and officer is a great responsibility but also is very rewarding at the same time. I will be seeking re-election for the office of state secretary for the up-coming year. It would be an honor to continue to serve as an officer and would appreciate your support again. I hope everyone has a safe and fun summer and gets to spend time with family. See you at convention!!!

Jennifer freeman, secretary

If a leader doesn't convey passion and intensity, then there will be no passion and intensity within the organization and they'll start to fall down and get depressed.

-Colin Powell

## 2019 Convention & EMS Symposium - Reservations Music Road Hotel & Convention Center, Pigeon Forge, TN

- Symposium & Training October 2-3, 2019
- Convention October 4-5, 2019

### Convention Room Rates

- ❖ Tuesday Night: \$130.00
- ❖ Wednesday – Saturday: \$140.00

The cutoff date to make reservations at the hotel is September 1, 2019. We highly recommend that you make your hotel reservations as soon as possible.

## 2019 Convention Hotel Information

From our modern Convention Center to our outdoor water parks to our grand lobbies with fireplaces and inviting social areas, Music Road Resort is a very special place for families and couples to reconnect, friends to reunite, and executives to gather and collaborate. Here in the Great Smoky Mountains of Pigeon Forge,

TN, the spirit of Southern Hospitality is alive and well at a Hotel and Inn unlike any other. Let our family welcome you like family with everything you need to create special memories to last a lifetime. Start your day with our complimentary, fresh, hot breakfast in the Morning Room or Breakfast Room. At the Hotel, you'll enjoy fabulous views of the local wildlife from the Patio, and when you dine at the Inn, you'll have a great view of the Water Park. In addition to our signature "Cini-Minis" cinnamon rolls, breakfast features scrambled eggs, sausage, hot, fluffy biscuits and sausage gravy, and many more choices. After a day of travel, meetings, or checking out the sights and activities of Pigeon Forge, nothing beats a soak in our heated indoor pool and hot tub, which are available to guests 24/7. Complimentary to all guests, Music Road Resort Hotel Water Park features a 60-foot corkscrew waterslide, lazy river, diving board, mushroom fountain and a heated indoor pool and hot tub. Snacks and drinks are available at the Seasonal Cabana from Memorial Day Weekend through Labor Day. For more information regarding the hotel, visit their website: [musicroadresort.com](http://musicroadresort.com).

# **2019 Sportsman's Raffle**

This raffle is designed to assist the association and its endeavors as 100% of all proceeds of this raffle will benefit your association. Our goal is to sell 5,000 tickets across the state this year. With your help, we can make this goal.

To encourage each TARS Full Unit Member to participate, we will waive the membership fees for the year 2020 to the Full Unit Member that sells the most tickets in the following groups.

1. Group #1 is 0 to 25 members
2. Group #2 is 26 to 50 members
3. Group #3 is 51 members and up

A complete set of rules and requirements has been sent to your Captain and Unit Director along with your squad's tickets to sell.

**The drawing for the 2019 Honda Pioneer Deluxe-4 & Trailer, Generators, Sportsman Coolers, and other prizes will be held on October 5<sup>th</sup>, 2019 at 12:00 PM EST at the Music Road Hotel and Convention Center. Exact location will be put in the convention booklet.**

**Value of all prizes is over  
\$24,000.00**

**Ticket Sales begin June 7, 2019**

**Please Help Your  
Association  
Help You!**

## A Message from Our Training Coordinator, Brian Robinson

The Training Program continues to grow and expand and I want to personally thank all of the students, agencies, instructors...well, basically anyone involved from the beginning to the end. There have been a lot of “firsts” in the last year and most of those came about as the result of your needs, requests, ideas, frustrations and support. One of those items was the need for a new Vehicle Rescue Program. In April of this year, TARS officially launched its new Awareness/Operations Level Vehicle Extrication Program with the support and backing of internationally recognized instructor Ronald Moore. This program was built on suggestions from instructors in the field who wanted more flexibility, more pictures, more options, and overall just something other than red background slides with yellow words. Shortly after the initial launch, the program was presented to the TN Commission on Firefighting Board and it was approved as recognized training meeting the standards of NFPA 1006 and 1670 for Awareness and Operations Level Training with respect to vehicle rescue. Another first happened during the instructor updates based on input from the instructors in years past regarding the offering of an online option. While a daunting task to say the least, we were able to offer a live and online version simultaneously to try to accommodate those that wanted an onsite event, as well as, those that did not wish to travel. We had instructors who attended the event from Texas, on vacation in Florida, and as a collective group at their agencies. From the evaluations, several agencies stated it saved their agency money and valuable time by offering this option. The BIG “first” is right around the corner related to the Annual TARS Convention. We asked for input at last year’s convention regarding how to make it better, more fun, or more informative. Several of the surveys stated that you wanted rescue related training available during the event, affordable pricing, and competition changes. So, listening to what the members want, make sure you pay close attention to the schedule of events this year. Most of the competitions are going to be moved to the dead period on Saturday afternoon so as not to conflict with meetings/other events and Friday is going to be filled with several rescue

## June Region Meeting Information

- Region I – Bristol Life Saving Crew  
June 1<sup>st</sup>, 2019 3:00 PM EDT
- Region II – Morgan County Rescue Squad  
June 8<sup>th</sup>, 2019 3:00 PM EDT
- Region III – Davidson County Rescue Squad  
June 15<sup>th</sup>, 2019 3:00 PM CDT
- Region IV – Hardeman County Rescue Squad  
June 22<sup>nd</sup>, 2019 6:00 PM CDT

## READYOPS

ReadyOps is the system that we use to notify you (our members) of Association news, Training, Job Opportunities and other interesting and pertinent information in a fast, efficient, and inexpensive way. If you are not receiving emails from the State Office, you are missing out on a lot of information over the year. If you would like to receive these emails, please contact Shannon Lawson at [shannon@tnars.org](mailto:shannon@tnars.org) and she will get you added to the email list. If you have submitted your email and have not been receiving them, please contact Stacy Rhodes at [stacy@tnars.org](mailto:stacy@tnars.org) and we will get this corrected.

related training options. I am literally trying to offer as many training options possible from Wednesday through Friday at varying schedules and levels to accommodate anyone's desires or needs. While some of the classes will require a fee to attend due to the cost of instructors/materials, many of the options will be at an affordable cost or **FREE**. All I ask is that everyone do three things for me personally as your State Training Coordinator related to convention. The first is to make sure that you submit your team entry forms and class registration forms before the deadline because with the new competition and class format it will require scheduling prior to the event. The second request is to remember that the competitions are supposed to be challenging and fun and a lot of people both within and outside of our Association graciously volunteer their time, knowledge and resources to set-up, coordinate and judge these events. **EVERYONE** is a winner for taking the initiative and competing but far too many people get mad, frustrated, their feelings hurt, or overall just refuse to ever come back if they do not win. **EVERY** judge is critiquing you and your team to make you better and offer ways to improve your skills and safety so when it's not a staged competition and it's for real out in the field you and your team perform flawlessly, safely and efficiently and win something far more valuable than a plastic trophy...*the chance to save someone's life*. The third and final request is to keep an open mind related to the "restructuring". I am a firm believer in honoring and protecting the past and its traditions while still trying to raise the bar related to fun and education. With proper planning and input, collectively as an Association, there should be no reason why the past/present/future can't seamlessly merge. So in closing, thanks again to everyone in every capacity that has helped with training this year and keep the ideas and frustrations coming back related to ways you see your Association can better itself and grow. As the old saying goes, "you cannot fix what you do not know is broken".

## GeoConex® Corporation

GeoConex® has developed a comprehensive "Next Generation 911" Ready CAD system (computer-aided dispatch) that is second to none. We are in the process of bringing all of our software products into the "Next Generation 911" world. By doing this we can offer a complete set of software solutions that can be used in your dispatch center, your community, or across your state. Are you ready for the next leap of technology in the public safety industry? GeoConex® is and we would like an opportunity to help you get there. Please review the list of software products and services that we currently offer and contact us if we can be of service to your agency.
